Please pray for baby Laura who is to have surgery on Thursday morning. Pray that

the surgeons are guided by God, that her parents Rodney and Stacey are comforted by God as she is in surgery, that the recovery is smooth, quick, uneventful and guided by God. This family has been through so much since Laura's birth in February

Please continue to lift Jean Spencer in prayer. Her recovery has had many many ups and downs. The doctors take care of one thing and another develops. Prayer has sustained Jean and her family through this long long trial. They are most appreciative of all the prayer going out for them. So keep it up. Many many thanks.

Please pray for discernment and guidance for me. My boss informed me yesterday (July 12th) that he's shutting down the company and my last day is the 31st. It's a blessing that I have 18 days notice, and can start firing out my resume. Please pray that I'll bring the Lord glory in all of this. Thanks!!

Pray for my daughter, Jodie. She is almost 6 months pregnant with our first grandchild and we found out yesterday that she may not be able to carry the baby to term. She has placenta previa and the doctors have placed her on the high risk list. They will do another ultrasound in 4 weeks, earlier if she starts having problems, to see if the placenta has moved up and we pray that it does.

My grandmother, Harriet, collapsed at home and is in Barberton Citizens' Hospital in Ohio. She is bleeding internally and they cannot locate the source. She was moved from ICU to a regular room yesterday. My mother, Leona, is scheduled for surgery tomorrow morning at Akron General Hospital in Ohio. Following surgery, she will be in a neck brace for approximately 8 weeks. Pray for the doctors and medical personnel that are taking care of Grandma and will be caring for my mother tomorrow. We ask for travelling mercies for Seth and I as we leave today for Ohio. We will be gone until Sunday barring any complications with Mom's surgery. Traveling mercies for Sarah as she leaves tomorrow for Ocean City, MD. She will be returning on Monday morning. And finally, for David who gets to be a "bachelor" this weekend! Blessings!

Please continue praying for Don, Patty and their daughter Jennifer and their families. They are going thru many struggles but Patty does still need our prayers concerning her healing. Pray for Jean. The doctors are having trouble finding medicine to help heal the infection in her leg. She is presently staying at MWH. Also, continue praying for Jim & Jackie and their family as Jackie continues treatment and recovery.

Continue to pray for and encourage Jackie as she finishes up with treatment. She is such a blessing and we praise God for blessing our lives with her. Also, lift Dale to the Lord this week as he will be starting a new procedural treatment for multiple myloma. They are stepping out in faith on this for it is in part clinical trials and the insurance may question paying the expenses; and it will be a difficult year ahead as they persevere through. They are trusting God to have His way. Thanks and God Bless!

My 2 sister in laws both have breast cancer. Jenny just had a hysterectomy (and stopped breathing and turned blue, but the Lord blessed us and let us keep her) and is planning on having a full masectomy before the end of the month. She went through chemo/radiation last year before Christmas. She is 31. Theresa, who is 35, was just diagnosed before Thanksgiving and is currentlygoing through chemo right now. The doctors told her she should have a masectomy but she does not want to. Thank you for your love and prayers! Caryl

Please pray for my grandma, Francie, who is 91. She has a cancerous tumor in her kidney and is getting her kidney taken out on Thurs., March 2, leaving her with 1 good kidney. The cancer has not spread, Thank you Lord! She is frail and the doctor is worried about her recovery. Without the surgery the doctors say she would only live 2 more years. Thanks for all your prayers and love in advance!

I ask for prayers for my mother. We have just learned that she has 15% kidney function, her heart is not pumping well enough to keep the fluid out of her lungs and there is very little the doctors can do at this point. Please keep my family in your prayers as we prepare for our mother to go to a perfect world.

There was a pilgrim on the Emmaus Walk last spring that I served as a team member (in another state), who has been recently diagnosed with breast cancer. She has already had two surgeries. She will begin chemo the end of this month. She is struggling with this, and is already very weak physically. Her name is Sue Kidd. Please keep her in your prayers and if you feel led to send her some

encouragement you can request address information from:

Barbara's great-aunt Emma, she is in the final hours of this life and will be joining the Lord very soon. Barbara's Grandmother Harriet Kennedy, back in the hospital for the second time since the new year. Prognosis is not good. Barbara's Mother Leona Phelps, primary caretaker for her mother and in fragile health herself. For traveling mercies for Barbara as she returns from a two week business trip to San Francisco on Wednesday. She may take a detour and stop in Ohio to visit her Grandmother and Mother. Thanks & God Bless!
